Foster's Forecast of the Weather. My last bulletin gave forecasts of the storm waves to cross the continent from January 25th to 29th and 31st, to February The next will reach the Pacific coast about February 5th, cross the western mountains by close of 6th, the great central valleys from 7th to 9th, and the eastern states about the 10th.

This will be an ugly storm, at its greatest usually cold.

The warm wave will cross the western mountains about the 5th, the great central valleys about the 7th, and the eastern states about the 9th. The cool wave will cross the western mountains about the 8th, the great central valleys about the 10th and the eastern states about the 12th.
